

NOTES

1. Numerical designations beneath views refer to corresponding contact size of the connector (for example, P11 and C11 shells accommodate 11-20P or 11-20S connectors).

2. Typical ordering information:
9-20PSP — plug with 9 contacts, screwlocks and panel mounting shell, 9-20SSK7HC — socket with 9 contacts, screwlocks and knobs, top opening hood and cable mounting shell.
